FastForwardSM
Charge your phone, forward your wireless calls and save your minutes - all at once!

This exclusive charging device forwards your wireless calls and saves your wireless minutes.

The FastForwardSM cradle is a Cingular Wireless[®] charging and forwarding device that routes your incoming wireless calls to your home or office phone, or any local number, while you charge your handset.

What Will It Do For Me?

- Charges your wireless phone.
- Save money while in use by forwarding incoming wireless calls to your local home or office phone so you don't use your wireless minutes with Cingular Unlimited Wireless Call Forwarding.
- Enjoy the simplicity of easy activation and use. Avoid missed wireless calls while you are home.
- Use both at home or the office. Order multiple Fast Forward devices to enjoy this convenient product wherever you need. Limit of five FastForward devices per account.

Pricing and Necessary Services

Special Discounts and Promotions

Customers who receive a combined Cingular and SBC local services bill are eligible to receive Unlimited Call Forwarding for the FastForward device from Cingular for FREE (a \$2.99 value per month) for one line.

Customers who do not receive a combined Cingular and SBC local services bill can either use Cingular Call Forwarding on a pay-per-use basis (charges vary), or order an Unlimited Local Wireless Call Forwarding subscription through Cingular at a monthly rate of \$2.99 (call 1-866-246-4852).

Available FastForwardSM Devices

- Call 1-800-870-6361 for a list of available phones and compatible FastForward devices, or select a [rate plan](#) and view handsets and FastForward devices online.
- **FastForward devices** are compatible with specific wireless phone models per manufacturer. Most Cingular Wireless phones offered through SBC.com can be ordered with a compatible FastForward device.
- **More than one** wireless phone may share a single FastForward unit, as long as each of the phones are compatible with the same FastForward device, which generally is the case if the phones and FastForward device are from the same manufacturer.
 - As noted above, only the main wireless line is eligible to receive free Unlimited Call Forwarding for the FastForward device from Cingular.
 - Additional wireless phones ordered through SBC.com will have Cingular Call Forwarding service available on a pay-per-use basis (usage charges vary).
 - Additional subscriptions to Cingular Unlimited Call Forwarding for the FastForward device for additional handsets can be ordered through Cingular Wireless at 1-866-246-4852.

Instructions on how to program a wireless phone to use the FastForward device will be in the User Guide included with the FastForward device.

Ordering

To order a Cingular Wireless rate plan, wireless phone and compatible FastForward device, start by selecting a [rate plan](#).

A FastForward device is available through your SBC local service company only with the activation of new Cingular Wireless service (existing Cingular Wireless customers must contact Cingular directly).

Do you use your wireless phone both at home or the office? Order multiple FastForward devices to enjoy this convenient product wherever you need. Limit of five FastForward devices per account.

Limited time offer: Credit approval and two-year Cingular Wireless service agreement on eligible Cingular calling plan. Offer valid only through an SBC sales channel. Wireless services are provided by Cingular. Requires compatible wireless phone, sold separately. Residential customers only. Must also purchase Cingular unlimited local wireless call forwarding for \$2.99 per month for calls not to count against Cingular plan minutes. \$2.99 subscription fee for unlimited local wireless call forwarding waived on only one wireless line with combined billing for Cingular and SBC local services. All calls must be forwarded to an intraLATA number within the Cingular local calling scope.

Not available with pre-paid service. Actual unit may differ slightly from image shown. Other terms and conditions apply.
